Truline Packaging - Mexico

Truline Packaging - Taiwan

Truline Packaging, a world leader in the manufacturing, engineering and design of packaging equipment with manufacturing facilities in the U.S.A., Mexico and Taiwan provides one of the most complete and comprehensive lines of packaging equipment anywhere in the world. Utilizing superior patented technology and manufacturing processes provides the Truline Packaging customer with "State of the Art" technology at affordable prices. Truline Packaging equipment is sold exclusively through a worldwide network of authorized distributors.

High Speed Rotary Wheel Side Seal

**New "APA"
Automatic Product
Adjustment**

INT-20 2 & 3 Belt

Servo Technology

Intermittent motion rotary wheel side seal machine with speeds of up to 50 ppm. 2 and 3 belt models available.

TP-5600

Medium speed auto L'Sealers with vertical head seal head, great general purpose machine, speeds up to 40 ppm.

Fully Automatic L'Sealers with Tunnel

TP-5300 Combo

TP-5300 Combo

Fully automatic combination machine with sealer and tunnel built on common frame, speeds up to 40 ppm. New 7" color lighted viewing window in tunnel, "APA" (Automatic Product Adjustment).

Semi-Automatic L'Sealers

TP1518EMC

TP1622MK

Micro Knife Technology

TP1622MKA VPI

TP2028HK

Hot Knife Seal System

TP2028MKA VPI

Vertical Seal Head

TP3040W

TP3040WA

TP3040 HK P.I.

A complete line of semi-automatic L'Sealers in various seal sizes from 16" x 22" up to 30" x 50" available with "Micro Knife" technology, wire seal systems, vertical seal head design, powered film unwind and adjustable inverting head.

Shrink Tunnels

Offering a complete line of shrink tunnels from 16" - 45" Wide, 6" - 34" High, 20" - 72" Long. Available in a wide variety of conveyor options including live roller, stainless steel mesh belting or heavy duty falcon belting. All tunnels features AC variable speed drive, air velocity control and fully recirculating chambers.

Semi-Automatic Combination

"All-in-One" Chamber

Convenient and easy to move portable combination L'Sealer tunnel systems built on same frame.

Unique L'Sealer and hooded shrink chamber machines "All-in-One" unit makes these models easy to use, portable and affordable.

Vertical FFS

Rotary Band Sealer

Check Weigher

Metal Detector

Induction Sealer

Pallet Stretch Wrappers

Low cost -great value machine.

225% Pre-stretch with digital controls and pre-programmed functions.

Carton Sealers

Made in Italy - Best value of carton sealers in America.

Carton Erector

Best 4 belt drive system Available.

Automatic Random Carton Sealer. Great for running different box sizes.

Labeling Equipment

Model PL-211 top labeler with stand.
